SUN MAR NURSING CENTER

For a valued employee recognized for their service and creating exceptional care experiences with our guests and team members.

Congratulations!

“Anne always treats her colleagues, as well as family members with kindness and respect. She smiles and treats everyone warmly no matter what kind of day she is having. Even if she is busy, she is willing to help others. I have never really seen her upset or angry and it really helps set the tone with her co-workers, patients, and family members. Anne is awesome!”

“Anne is very observant of the patients in the facility. When she sees a patient at risk for falling, leaning too far or anything that can be of harm, Anne is the first to jump from her desk and handle the situation. Her genuine care is demonstrated when she takes the time to notice how the patients are doing, and takes action. Anne truly has the heart of someone who genuinely cares. “

Congratulations!

Jess has been going above and beyond for a long time at Del Mar. He has really shined during the transition that has occurred over the past 12 months, where the skilled number of residents has doubled. He is a great leader of our IDT which provides excellent care for our residents. Jess also makes sure that the MDS transmissions are completed on time! Most recently a guest shared the following: "Jess answered the call light in our Mother's room, the morning after she was admitted to Del Mar. After making sure that her needs were met, he graciously answered our questions about a couple of medications that were new to her. That was a great first impression for us at Del Mar." Great job, Jess!
